

Taxi Booking App UI Kit

Taxi Booking App UI Kit designed for Taxis/bike booking services . UI kit includes all possible features related to Taxi service business. This UI kit contains 17 Screens App template (PSD and Sketch Files) of high quality with flat and modern design.

Ui kit include all main features like Login/register, selection of vehicle type , ride booking, payment, rating, ride history, offers etc.

If you need to modify the theme you can easily change the colors and change the single elements. Only vector shapes and layer styles are used. You can use same files for iPhone and Android app design.

Main Features

- 17 Pixel Perfect App Screens
- 100% expandable Photoshop shapes & Vector icons
- Fully Customizable layers and Easy to edit
- Retina Ready (1242X2208)
- Compatible with All iOS & Android Devices
- Well Organized Layers & Groups
- Compatible with PSD & Sketch

Layers Customizable: How to change images etc

In order to edit the file, you need to have Adobe Photoshop installed on your system, and the fonts mentioned in the font description. As you can see on the right, the layers are well organized and grouped into folders, which make editing very easy. So, all you have to do, is select the layer from the right, and then edit it with Adobe Photoshop. That's all! Enjoy.
